## TAGHAZOUT BAY FREE SHUTTLE:

Taghazout Bay offers a free intrasite shuttle service, highlighting its commitment to facilitating mobility within the destination, while encouraging the discovery of nearby villages.

This initiative reflects the resort's commitment to providing a complete and convenient experience for its visitors. Thanks to the intrasite shuttle, travelers staying at Taghazout Bay hotels can easily move from one component to another within Taghazout Bay, whether to join the various activities on offer or relax on the sunny beaches.

In addition, the shuttle allows visitors to explore the neighbouring villages, giving them a unique opportunity to immerse themselves in the local culture and explore the region's hinterland. The free intrasite shuttle will now be available all year round, with departures in both directions between Taghazout and Tamraght villages through Taghazout Bay.
